As needed, you can also contact emergency services directly – dial 000 and arrange for someone to meet them at the main entrance to your accommodation site. Specific addresses are:
 - ❑ **Mountain Camp:** 119 Cliff Drive, Katoomba (driveway up the hill from the corner of Cliff Drive and Violet Street)
 - ❑ **Kedumba:** 113 Cliff Drive, Katoomba (driveway opposite Scenic World car park entry)
 - ❑ **Hartley:** 20 Ficus Street, Katoomba (nearest intersection Cliff Drive)
 - ❑ **Clairvaux:** Corner of Oak and Cedar Streets, Katoomba
 - ❑ **Campground:** 10 Laurel Street, Katoomba (nearest intersection Cliff Drive)
 - ❑ **CMS Conference Centre:** 8 Violet Street, Katoomba (nearest intersection Cliff Drive)

Regularly check your phone between 7am and 10.30pm so you can be supported and advised of any emergency situation and of any instructions for site hosts. Potential scenarios could include:

- a) **Fire in a building:** In the event of a fire in a building, direct people to evacuate out their nearest exit and go to the Oval Emergency Assembly Area, then find, and stay with their group members until further notice.
- b) **Severe storm:** In the event of a severe storm, direct people to stay indoors (away from windows) until further notice.
- c) **Bushfire:** In the event of a bushfire, direct people to stay indoors and if possible, join others in a large meeting room such as the auditorium or Mountain Camp Dining Room until further notice. KCC Staff will provide further instructions by phone for site hosts to carry out or pass on.
- d) **Security threat:** In the event of a security threat, direct people to move away or stay away from the area of the threat, if possible, until further notice.
- e) **Lock down:** Note that in an extreme situation the language of being in ‘lock down’ may be used by KCC Staff to help communicate the importance of the situation to people. Also, once the immediate threat has passed, it’s important to remain in ‘lock down’ until KCC Staff have

coordinated an assessment of all areas and deemed it safe for the 'lock down' to be lifted – to be confirmed by phone for each site. Site hosts are to be advised by phone and are to communicate the instructions given to people at their site accordingly. Site hosts may also be asked to check the safety of their area.

- f) Evacuation:** In the event of a 'lock down', evacuation or other need to assemble, site hosts are to communicate to and assist people at their site to go to the nominated Emergency Assembly area. Site hosts are to be ready to account for people, report back and keep KCC Staff informed about persons not yet accounted for. Ensure you have rooming lists and sign in / sign out sheets with you if possible, so that this can be achieved at any time – we recommend taking photos of these documents on your phone.

- g) Injury or illness:** In the event of an injury, accident or illness occurring, an incident report form needs to be completed. These are available from your site host folder and extras can be requested from the KYCK event manager.

- h) Missing or lost guest:** In the event of a missing or lost guest, firstly determine if the person is actually missing, check all buildings, bedrooms, bathrooms and outdoor areas. Notify KCC Staff who will coordinate the search and contact Police if deemed necessary.
